ADMINISTRATIVE TASKS REGARDING RESIDENCE PERMITS OR VISAS

Simmelweis Kft. – as the business organization of Semmelweis University –, undertakes the administrative tasks related to the residence permit of Semmelweis students. We offer this to guide the students through an administrative process as quick and simple as possible. That includes:

- For students that require visa, a liaison with the student's national embassy in Hungary to help arrange the necessary documents and legal representation in this matter.
- Preparing the necessary documents for issuing the residence permit for study purposes and its annual renewal.
